We now have developed a new Catholic bible for those incarcerated featuring a signed message of encouragement from Pope Francis on page 1. It is the Good News Translation with the Deuterocanonical books fully integrated in their proper sequence. The print is slightly larger than normal Good News Bibles and has a green cover.

Our Spanish Catholic bible comes in DHH (Good News Translation) with the Deuterocanonical set aside. It does not have the Pope Francis' message.

For special needs, we also have a very small number of LARGE PRINT Catholic Good News bibles with the Deuterocanonical set aside. These were designed for the older incarcerated whose vision is failing.
